Toddlers Group

Thursday's 10am – 11.30am

Our vision is that we love and enjoy God for His glory by hearing and accepting His word so that we may become more like Christ, love His people, and serve Him in the church and the world.

SUPPORT

Parenting is an important and very demanding job, especially for single parents. Support used to come from our families, but today many of us live far away from relatives and have to cope on our own.

Bringing up young children can be very stressful. Sharing anxieties and problems can be a great help – just knowing someone else has the same difficulties can ease the strain. Sharing the fun is important too!

Life can be very lonely for mums when they leave work to have a baby, and for single parents too – whether mums or dads.

Our Toddler Group provides a place where you can make friends and relax.

LEARNING

It's not only parents who benefit from being with others – it's good for the kids too! Learning to play with and accepting other children and adults is important for your toddler's development. Many at first will find it difficult to share and take turns, especially if they aren't used to other children. But they'll gradually settle in and enjoy the different toys and activities with all the others.

Toddlers and babies can sometimes be upset by so many new faces, or be tired by the unaccustomed noise. If that happens, don't be put off. Just come for a short time to begin with – until your child gets used to the group.

It's best not to bring children if they have an infectious illness, but do let us know about it and then come again when they are better.

We hope you and your child will enjoy joining in with us, as we all learn together the art of parenting! Ideas and comments are always welcome.

GUIDANCE

We all want the best for our children as they grow up; strong, healthy bodies, lively minds, good friends, a worthwhile job, even a family of their own one day.... But what about the problems on the way – will they know how to choose what is good and reject the bad? So many children grow up without spiritual guidance and consequently are in danger of accepting all sorts of damaging influences.

As Christians we have found that the guidance God has provided for us through the Bible, forms the best foundations for life. Whether you share our faith or not, we believe you'll find that His foundations are the only secure ones for withstanding the storms of life – and storms come to us all.

God has given us the guidelines for family life that none of us can say that our family life is perfect, so don't feel excluded. God loves us, whatever our failures, and can help us get back on the right track.

Our Toddler group has a wonderful team of leaders and helpers, if you want to know more about our other services, youth work and getting to know more about accepting Christ as your Saviour then please speak to one of them, they will be so happy to talk to you.
